

# CLEANROOM

## Cleanroom

Class 3 according to DIN EN ISO 14644-1

Class 1 according to U.S. Fed St. 209E

Upholstered in black ESD synthetic leather:

Desinfection resistant

Seat: W 46 x D 44 cm

Backrest height: 43 cm with

Permanent-Contact-Backrest:

The movable backrest follows the upper body and adapted as the respective working position so that the spine is supported in all seating positions.

The backrest can also be locked in any position.

All functions can be operated easily while sitting on the chair

### CLEANROOM

Model no: 85 9 1401 2571

Seat height 47-61cm

### CLEANROOM

Model no: 85 9 1411 2571

Seat height 62-87 cm

# ESD

## ESD - Electro Static Discharge

Electrostatic charges, and their resulting discharges (ESD - electrostatic discharge) present severe risks to the life of electronic equipment in general, and to semiconductor components in particular. Individuals can become electrostatically or triboelectrically charged in various situations, e.g. by walking across a floor. The subsequent discharge can be felt as an electric shock. Although this shock normally does not harm the individual - it just feels unpleasant.

ESD can cause damage to, or operational disturbances in electronic equipment as used in for instance hospitals, printing works, the paper industry or industrial handling of plastic, or in other situations with the possibility of accumulated electric charges. Our products are tested and approved by the Technical Research Institute of Sweden (SP) and are thus in compliance with international standards.

### Office ESD

- Model no: 62 1 025 2 7 2
  - With footring and glides
  - Seat height: 70-96 cm
  - 610 mm alu base
- Low version with castors: 62 3 025 2 6 0*

### Comfort ESD

- Model no: 62 3 002 2 6 0
  - Seat height: 52-65 cm
  - 50 mm easy rolling castors
  - 610 mm alu base
- High version with footring/glides: 62 1 002 2 7 2*

**Uni ESD high**

- Model no: 85 9 651 E 12 571
- Seat height: 55-80 cm
- w/glides
- 610 mm alu base

**Mechanic chair ESD with steel base and tray**

- Model no. 10 3 125 3 000
- Seat height: 37-50 cm
- 400 mm steel base with tray
- 75 easy rolling castors , 2 with brake
- Upholstered with conducting ESD fabric

**Uni ESD low**

- Model no: 85 9 653 E 12 571
- Seat height: 44-59 cm
- 50 mm easy rolling castors
- 610 mm alu base

**ESD**

Approved according to DIN EN 61340-5-1  
Upholstered in black ESD synthetic leather

Seat: W 46 x D 47 cm

Backrest height: 46 cm with Permanent-Contact-Backrest:

The movable backrest follows the upper body and adapted as the respective working position so that the spine is supported in all seating positions.

The backrest can also be locked in any position.

All functions can be operated easily while sitting on the chair.
